Dear David:

I would like to congratulate you on your contribution to the communications network during last month's flood disaster in Johnstown. The cooperation and willingness to help displayed by you and other ham operators is commendable, and I know that the many people affected by this tragedy were deeply grateful for the reassurance and information your broadcasts provided.

The University is proud to count you as one of its students, David. I wish you much success during your final year at Penn and in your future endeavors.

Sincerely,

Patricia McFate  
Vice Provost
